

Caregiver Education Sessions

Spring Poster – March to June 2018

These **free sessions** are intended to provide parents, caregivers, teachers, and community members with basic information about addiction and mental health challenges that can impact children and youth. Presentations are hosted in schools but are open to all adults to attend.

More than Just a Bad Day: Understanding and Supporting Youth with Depression and Self-Injury

Focus is on caregivers of teens grades 7-12

This session will help caregivers increase awareness about adolescents who might be experiencing sadness, depression and intentionally injuring themselves. We will explore factors that contribute to depression and the motivation behind self-injurious behavior. Caregivers will learn about treatment options for depression as well as strategies to help support youth who may be engaging in self-injury.

Register for a Depression/Self-Injury session at:

These **free sessions** are intended to provide parents, caregivers, teachers, and community members with basic information about addiction and mental health challenges that can impact children and youth. Presentations are hosted in schools but are open to all adults to attend.

Breaking the Cycle of Anxiety: A Step by Step Approach

Focus is on caregivers of kids and teens in grades K-12

Anxiety is one of the most common mental health complaints in children and teens today. This session will distinguish between normal anxiety and anxiety that is no longer helpful or productive. It will help caregivers to identify signs that a child or adolescent is experiencing problems with anxiety. Caregivers will gain step by step strategies to assist their child/teen to manage their anxiety and improve their mental health. Resources for parents will be provided as well as tools designed to reduce anxiety.

Test Anxiety: Strategies for Success

Does your teen prepare for a test only to freeze or blank out during the test? Does your teen's anxiety hold them back from their full potential? Test and performance anxiety is very common among students. This session will help teens learn how to succeed in spite of their anxiety and help caregivers support their teens to reduce test anxiety. We will explore what happens when a student experiences test anxiety and provide practical strategies and resources for you and your teens to use to manage anxiety symptoms.
