

Board Election Results

2026-2027

Dr. Ruby Sharma, R. Psych

“I have been fortunate to have such a rich and varied career as a psychologist, and I truly love my work. It would be meaningful to serve the public and my professional community as a member of the PAA Board of Directors at this point in my career, where I am keen to work as a team with others who are passionate about psychology and advocacy.”

Dr. Denise Mannell, R. Psych

“Being a psychologist has been my great honour and I truly do enjoy providing counselling, assessment, and consultation services to my community. I look forward to the contribution that I can make by volunteering as a Board Member for the Psychologists’ Association of Alberta.”

Dr. Julie Curley, R. Psych

“I am seeking a position on the Board of the Psychologists’ Association of Alberta out of a strong sense of professional responsibility and commitment to the future of psychology in Alberta. At a time of significant change within the field, I believe thoughtful and experienced governance is essential to supporting both practitioners and the communities we serve.”
